Dara O'Briain has to be one of the busiest men in comedy. He started his career in television as a children's presenter on RTÉ whilst performing his first stand-up gigs on the Irish comedy circuit. He quickly gained a reputation as a top stand-up comedian around the world and has performed sell-out shows across Europe, Asia, Australia, as well as in Dubai, Boston and New York. When not touring or televising, Dara can either be found fronting prominent awards ceremonies and corporate events, or devising more television projects with his company 'Happy Endings'.
